THE WEEKLY DIGEST

MARCH 2, 1975

Section Two

VOL. 69, NO. 9

## INDEX TO VOLUME 68

### JULY THROUGH DECEMBER 1974

Items in QUOTE are arranged alphabetically according to subject matter. In the semi-annual index, the first numeral in each reference indicates the page, therefore "ADVENTURE-27" tells you that an item on Adventure will be found on page 27.

One or more letters following a page number, refer to material in regular departments. For example: "BASEBALL-69-SS" indicates that an item on that subject is in Sport Shots on page 69. The reference to "ACTRESS-19m," means that an item on that subject will be found in the regular Good Stories section on page 19 under index letter m.

Quotations in the section May We Quote You On That? are also numbered and a reference such as "AMERICA-73-7-Q" refers to a quotation on that subject on page 73 in the May We Quote ... section. When the letter "t" follows the Q as in the reference "ADOPTION-72-1-Q-t;" it indicates the special Quote-ettes feature on page 72.

When the letter "F" follows a page number, this refers to filler material, printed in italics, on that page.

A complete list of department abbreviations appears below:
